

Lifeline

Pikes Peak Citizens for Life works to protect the innocent, helpless, vulnerable members of our human family - young and old, infirm and healthy, born and preborn.

Pikes Peak Citizens For Life

January 2021

Let's Get **TOGETHER** For Life!

By Julie Bailey, PPCFL Vice President

Together for Life, Pikes Peak Citizens for Life's Pro-Life community building event, returns in January 2021 as a hybrid event to commemorate **Sanctity of Human Life Sunday** and the 48th anniversary of the U.S. Supreme Court's tragic Roe v Wade decision, and to remember the more than 60 million children sacrificed to abortion in this country since 1973.

If you, like me, are experiencing that dreaded condition known as "ZOOM FATIGUE" you may need to hear some really good reasons to devote time on a Sunday afternoon (January 17th, 1pm) to yet another *Virtual Meeting*.

Or perhaps you are among the bold, and willing to attend the event in person (Hope House, 3101 Poinsetta Dr.) but wonder if you should - especially since there won't be a delicious lunch or tasty snacks (we will provide bottled water). Plus, it will probably be cold outside, possibly snowy or icy. And the Broncos may still be "in it" (a girl can hope).

I'm here to tell you, **whether you attend in person or "ZOOM" in, we will make it well worth your while.**

"How's that?" you may ask.

The pro-life movement, like any dynamic movement, is built on relationships. Our goal through Together for Life has always been about building relationships. **This is about connecting with other like-minded folks to inspire and encourage one another to continue the pro-life fight.**

We saw the power of those relationships at work as we built a passionate and impactful coalition in support of Proposition 115. Despite the defeat of this initiative, the coalition continues to grow stronger and make plans for future endeavors.

In addition to building relationships, we want you to feel empowered and equipped to stand up to the culture of

death no matter where it rears its ugly head. We will share with you the victories for life that we've celebrated during this strangest of years, 2020. And we will point you to resources that will support you in your arguments in support of life, no matter the nature of the attack.

Finally, **we will help you to understand that no matter how you see your personality or capabilities, there is a role for you in the Pro-Life Movement.** We need you in this work.

Whether you want to **be a Sidewalk Advocate**, or a **prayer partner out on the corner** of Centennial Blvd near Planned Parenthood, or whether you will **pray from home or church** for the success of our efforts, or if you would **write letters** to corporations, organizations, or news outlets regarding the life issues, or if you can **donate money or materials** to support these efforts - **YOU are the Pro-Life Movement.** We are honored to fight beside you.

We hope to see you, either in person or on screen, on January 17th

PPCFL Officers and Directors

President	Matt Niedzielski
Vice President	Julie Bailey
Secretary	Bernadette Johnston
Treasurer	John Combs
Newsletter	Holly Coco
Additional Directors	Shannon Kelepolo
	Mark Spengler

The President's Corner

Discerning between reality and illusion/delusion was a major
task in the year that has passed.

Was the presidential impeachment over anything substantial or
was it just a political maneuver? Was the shutdown of the American
economy a proper response to the arrival in the U.S. of a virus from
overseas, or was it a move to wrest America away from its
constitutional moorings? Did Americans elect their representatives
in government in the November election or were representatives
chosen in advance by a corrupted and rigged election?

Governor Polis ordered all elective and non-essential surgeries
to stop last spring in order to preserve medical supplies for
healthcare personnel fighting the virus [yet he allowed Colorado
abortuaries to continue to operate and use up those same limited
medical supplies.](#)

[Massive spending](#) by the opponents of Proposition 115 with
[intentionally misleading ads](#) appears to have triumphed over the
truth communicated by the proposition's supporters. Or was it,
perhaps, determined in advance that Proposition 115 would fail
regardless of what the voters said?

The discernment will continue into the new year. Americans are
being pressured to vaccinate against the virus. However, the
[vaccines presently coming available have had fetal tissue from
aborted children](#) employed in some part of their development.
Alternate voices are saying [vaccination is no longer needed](#), and that
the [vaccines are dangerous](#). Women who are or could be pregnant
are [warned not to vaccinate](#). Coincidentally, the whole thinking on
whether and when to vaccinate has been challenged by a [new study
that concludes unvaccinated children are healthier](#) than vaccinated
children.

A great help in discernment is having truthful information from
which to make decisions. Censorship, multiplying greatly over the
past year, is hiding this information from many people. As we have
done before, Pikes Peak Citizens for Life will endeavor in the year
ahead to bring as much of this truthful information as possible to the
local community through our booths, sidewalk advocacy, our
website and newsletter, and our educational presentations in a
continuing effort to build a culture that values life in the Pikes Peak
region. Join us in the New Year as we celebrate Life!

Matt

Rocky Mountain Mass for Life in lieu of local March

St. Mary's High School *Students for Life* and the Diocese of
Colorado Springs *Respect Life Apostolate* invite pro-life people of all
faiths to the *Rocky Mountain Mass for Life* Monday, January 18, 2021
at Corpus Christi Catholic Church 2319 N. Cascade Ave. CSPGS
80907. Adoration and Divine Mercy Chaplet @ 11 am; Mass @ Noon.

40 Hours of Prayer & Adoration at churches across the city
throughout the week are also scheduled. For times and locations
visit: <https://www.diocs.org/Respect-Life> or call (719) 636-2345.

Expanding Our Local Effort to End Abortions

If you have participated in a 40 Days for Life Campaign, or read Abby Johnson's book, *Unplanned*, or if you have seen the movie based on the book, you have heard the statistic that *when there are folks praying outside Planned Parenthood clinics, the no-show rate for abortion appointments can go as high as 75%*.

Let that sink in.

One person's peaceful, prayerful presence on a sidewalk or corner can be a very powerful tool in service to the ultimate goal of closing Planned Parenthood and ending abortion.

Brick from Former Planned Parenthood in Bryan Texas
which CLOSED and is now the
40 Days for Life International headquarters

We currently support two 40 Days for Life Campaigns each year. We also support Sidewalk Advocates who maintain a presence on the corner Tuesday, Wednesday, Friday, and Saturday mornings. *But imagine the impact if we had prayer warriors out in front of Planned Parenthood every single hour the abortion clinic is open.*

Michele Mason, our local 40 DFL leader and International Leader of the Year for 40 Days for Life, has issued a challenge to our Pikes Peak region pro-life prayer warriors to do just that: **cover every hour Planned Parenthood is open with on-site prayer.**

We will work toward this challenge gradually. The first goal is to cover those days on which abortions are done – Tuesdays, Wednesdays, and Saturdays. Once we have consistent presence on those days, we'll work to build our presence on the remaining days.

Willing to help?

Contact Michele Mason via phone call, text, or email. 719-659-2097, prolifefamilyof15@gmail.com. Consider signing up for 1- or 2-hour increments. Abortion performing hours which still needed to be covered:

Tuesdays: 11-12p, 12-1p, 1-2p, 2-3p, 3-4p, 4-5p, 5-6p

Wednesdays: 8-9a, 11-12p, 1-2p, 2-3:30p, 5-6p.

Saturdays: 12-1p, 1-2p, 2-3p

British Gov: Too Early to Tell if Vaccine is Safe for Pregnant Women

In an official government publication for UK Healthcare Professionals, the British Government is warning that *"COVID-19 mRNA Vaccine BNT162b2 [by Pfizer] is not recommended during pregnancy. For women of childbearing age, pregnancy should be excluded before vaccination. In addition, women of childbearing age should be advised to avoid pregnancy for at least 2 months after their second dose."*

The vaccine could attack placenta cells, potentially impacting female fertility. *"The vaccine is designed to attack coronavirus spike proteins transcribed by the vaccine's messenger RNA, but these spike proteins contain syncytin-1, a protein created by endogenous retroviruses for placenta development in humans. After covid-19 vaccination, an individual's immune cells will be trained to attack syncytin-1, leading to potential miscarriages, birth defects and infertility."*

With just weeks into the release of the COVID vaccine, women who are not in high-risk populations may be wise to wait for more data before taking the vaccine.

Together for Life

LIVE AND VIRTUAL FOR 2021!

JANUARY 17, 2021, 1:00 PM (MST)

The Hope House (across from Holy Trinity Catholic Church)
3101 Poinsettia Drive Colorado Springs CO 80907

Pikes Peak Citizens for Life has scheduled our next ***Together for Life*** community building event to commemorate **Sanctity of Human Life Sunday**.

Together for Life is a monthly opportunity for pro-life people in Colorado Springs (and beyond) to connect, inform, and inspire one another. For our first 2021 event, we have planned a hybrid event with limited in-person attendance (per COVID restrictions) combined with unlimited virtual attendance.

The program will feature an update on local and national pro-life efforts as well as ways for pro-life people of all ages to get involved.

TELE-ATTEND

If you are across the country or across town –and cannot attend in person, *Together for Life* will be available by Zoom Meeting using the following link: <https://us02web.zoom.us/j/7997487376?pwd=aWh4ZnFtNlluL3lyVHEzazh1a1RrQT09>

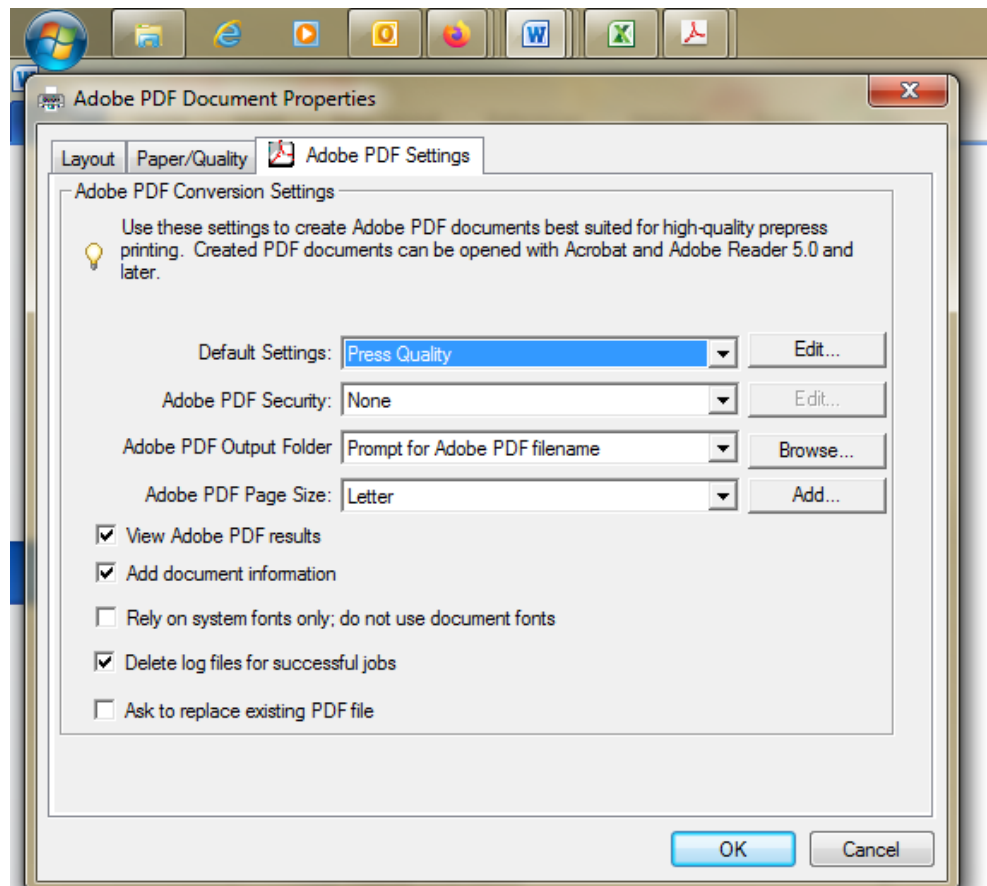

Meeting ID: 799 748 7376

Passcode: LIFE
